

NEW NICKEL CYLINDERS ON SALE NOW!

New ECi Titan Cylinders

Available for Continental and Lycoming Engines

The Facts About Steel Cylinder Barrels and Wear and Corrosion

The facts are, the interior barrel of steel cylinders corrode and wear, causing damage on vital parts of your engine. That means money out of your pocket for costly cylinder changes, top overhauls, damaged cams and lifters, or worse, the cost of an engine.

NEW NICKEL CYLINDERS ARE
 ★
Standard
 equipment
 ON ALL RAM OHE TCM ENGINES

New nickel cylinders are available for the following Continental engines: O-200, O-300, O-470, IO-470, IO-520, IO-550, TSIO-520, and GTSIO-520.

Complete Cylinder Assembly: Each complete new cylinder assembly contains all of the following new parts: head, barrel, valves, valve seats, valve guides, piston, rings, gasket kit, seals, springs, rotocoils, and rocker shafts. File photo to the left showing optional reconditioned rocker arms.

Continental Engines:

ENGINE MODEL:	RETAIL:	SALE PRICE:
O-200	\$1,025	\$888
O-300	\$1,025	\$888
O-470	\$1,447	\$1,254*
IO-470	\$1,383	\$1,199*
IO-520	\$1,518	\$1,316*
IO-550	\$1,632	\$1,414*
TSIO-520	\$1,518	\$1,316*
GTSIO-520	\$1,994	\$1,728

*Most Models

New nickel cylinders are available for the following Lycoming engines: 320, 360, and 540.

All Lycoming cylinders are sold as a complete assembly but without rocker arms and piston pin. Complete cylinder assembly contains all of the following new parts: head, barrel, valves, piston, rings, gasket kit, seals, springs, rotocoils, and rocker shafts. Also, on Lycoming engines you must know the engine serial number to determine if it is a narrow deck (ND) or wide deck (WD). All wide deck engine serial numbers end in "A."

Lycoming Engines:

ENGINE MODEL:	RETAIL:	SALE PRICE:
320	\$1,179	\$1,022*
360	\$1,179	\$1,022*
540	\$1,179	\$1,022*
